

# Pensions

**Whatever pension arrangements you have in place, you'll obviously want them to provide a comfortable standard of living throughout your retirement. We can provide the knowledge and expertise to make sense of the options available and help ensure a fulfilling retirement becomes a reality.**

So at Charlwood, we'll take an objective look at your current situation, assessing your existing investments with a view to their continuing suitability and formulating detailed proposals on any additional provisions that might be necessary to make.

Our independence allows us to consider companies and institutions right across the global market – giving you the widest possible choice of solutions and the greatest certainty that your retirement will be rewarding in every sense of the word.

However, that's by no means the end of our involvement – because we'll continue to monitor the performance of underlying pension investments, making sure you always benefit from the optimum returns and making certain your pension portfolio offers the best value for money both now and in the future.

**For more information on pensions or any of the other services we provide, simply call us on 01202 516516**
